Although Fire Sport did fund our new playing kit in February 2023 at a cost of £1452

Costs this year have been for physio & strapping costs at games & we hosted one of the games which incurred food costs.

This season we played four games with the following results:

20th February'24

Navy 15 – 29 GB Fire

10th April'24

Next season we currently have four fixtures lined up against the Prison service, Civil Service, Navy & Police, just finalising dates. There is also a possible fixture against the RAF.

At the AGM the committee members were all re-elected & will all be remaining in their current positions for the next year.
